

Pavinee Suthamjaem

SUMMARY

As an early graduate in Information Systems and Network engineering, I have developed strong foundation in software design, development and programming. I have completed many projects during my studied, which has given me practical experience in working with different technologies and tools. I'm a quick learner and I'm always eager to learn new technologies and techniques to enhance my skills. and I'm looking for an opportunity to apply my skills and knowledge to contribute to a team and achieve company goals.

EXPERIENCE

Software Engineer (Internship),

June-October 2022

Lumentum Intrnational (Thailand) Ltd., Co - Pathumthani, Thailand

- Design and develop software solutions, including console and window form applications, using C#, .NET, .NET Core, and Visual Basic to enhance workflow efficiency and streamline procedures.
